2. This office Notification No.3292/C-4/Tube Wells dated 29/06/2021.

I am directed to refer to the subject noted above and to state that on the complaint of MAK Pumps Company Pvt: Limited (vide reference at serial No.01), a committee was constituted vide reference at serial No.02 to examine the subject complaint. Based on the submissions of the parties and examining the available record, the committee concludes its findings (enclosed annex-A). The Chief Engineer (South) Irrigation Department Peshawar has approved/agreed to the recommendations of the committee and the appeal filed by MAK Pumps Pvt: Ltd is hereby accepted.

However while approving the recommendations the Chief Engineer (South) Irrigation Department Peshawar has directed that the bid approving authority shall ask the lowest evaluated bidder by the committee to bring down the rates to at par with the Engineer estimate of all thirteen other lowest bids of solarization. In case the lowest evaluated bidders do not agree to reduce their bids to the Engineer estimate then all thirteen bids be rejected and re-advertised strictly in accordance with KPPRA rules and other valid conditions.

Subject: - COMPLAINT UNDER SECTION 35(1) A OF KPPRA ACT, 2012 READ WITH RULE 3 AND RULE 4(B) AND 4(C) OF THE KHYBER PAKHTUNKHWA PUBLIC PROCUREMENT GRIEVANCE REDRESSAL RULES, 2017.

Reference: Vide Chief Engineer (South) office No. 3292/C-4/Tube Wells dated 29/06/2021.

In reference of above notification, where a committee has been constituted with the following members:

1. Engr. Zahoor Muhammad, Superintending Engineer (Head Quarter)
 2. Engr. Masood Ahmed, Deputy Director (Design)
 3. Engr. Ahmed Amin Shah, Executive Engineer Mardan Irrigation Division, Mardan
2. The committee was tasked to examine the subject complaint raised by M/S MAK Pumps Company (Pvt.) Limited (Aggrieved Bidder), vide their letter No. MAK/PES/2106(A)-16/01 dated 16/06/2021 "COMPLAINT UNDER SECTION 35(1) OF KPPRA ACT, 2012 READ WITH RULE 3 AND RULE 4(B) AND 4(C) OF THE KHYBER PAKHTUNKHWA PUBLIC PROCUREMENT GRIEVANCE REDRESSAL RULES, 2017" against Executive Engineer Gomal Zam Irrigation Division D.I. Khan, against 13 numbers tenders for supply and installation of solar pumping systems advertised vide NIT No. INF(P)2543/21.
- The committee summoned the parties for detailed hearing of the matter vide No. 3307/C-4/Tube Wells dated 29/06/2021 and the hearing was fixed on 06/07/2021, which later on was held on 07/07/2021. The revised summoned was issued to the parties vide No. 3350/C-4/Tube Wells dated 30/06/2021. (**Annex – A**).
3. Accordingly, the meeting was held on 07/07/2021 in the office of Chief Engineer (South) Irrigation Department Peshawar. The relevant record was examined and the parties were provided opportunity to present their stance in the matter.

The primary allegations raised by the aggrieved bidder are summarized as under

- i. That, the Executive Engineer has violated Rule 45 of KPPRA Rules, 2014, by not furnishing the detailed technical evaluation report.
- ii. That, the accumulative annual turnover of M/S Peshawar Construction & Pipe Company JV Pak Reliable Engg. Co (SMC Pvt.) Limited is less than the requisite value (250 Million) as given in the bid solicitation documents/ evaluation criteria.

- iii. That, the evaluation criteria have been relaxed by requiring the annual turnover to be reflected in Income Tax or Sales Tax Returns; whereas in normal practice and even in the previous tenders for the same works, the turnover is to be reflected in Income Tax Returns, Sales Tax Returns and Audited Balance sheets.
- iv. That, the Goods Declaration (GDs) as required in the bid solicitation documents and submitted by M/S Peshawar Construction & Pipe Company JV Pak Reliable Engg. Co (SMC Pvt.) Limited were of some other firm; however, the Executive Engineer accepted it.
- v. That, the bid solicitation documents do not mention any distribution of marks among the JV partners, thereby implying that JV was not allowed. The complainer further adds that solar pumps mainly fall under definition of "Goods" where JV is not allowed; however, the Executive Engineer overlooked this aspect and went on accepting bids from JV.

FINDINGS: -

Based on the submissions of the parties, and examining the available record, the committee concludes its facts & findings as under

1. The allegation that Executive Engineer has violated Rule 45 of KPPRA Rules, 2014, was not established. The Executive Engineer presented copy of the Technical Evaluation Report (Annex - B), and submitted that the same was affixed over the notice board at his office.
2. The allegation that the Accumulative Turnover of M/S Peshawar Construction & Pipe Company JV Pak Reliable Engg. Co (SMC Pvt.) Limited is less than requisite value (250 Million), stood corrects. The technical bid of the said bidder was thoroughly examined; the requisite documents sufficient to ascertain the turnover of the bidder were not provided in the technical bid. The annual turnover is ascertained by Sales Tax Returns, Income Tax Returns and Audited Balance Sheets, and the turnover value appearing in all these documents must correspond to each other. The said bidder provided Income Tax Returns and Audited Balance Sheets, Furthermore, during the scrutinizing, the evaluation proforma at S No. (4.IV). "Firm must have Rs. 250 Million accumulative turnover for last three years in solar pumping system. Must be attached Sales Tax Returns/Income Tax Returns & Financial audited balance sheets" (**Annex - B**) but contrary to that the document of M/S Peshawar Construction & Pipe Company JV Pak Reliable Engg. Co (SMC Pvt.) Limited not clearly shows turnover specific in pumping machinery and nor submitted sales tax returns.
3. The allegation that the evaluation criteria have been relaxed by requiring the annual turnover to be reflected in Income Tax or Sales Tax Returns, stood correct. The tender has been invited three (03) times

and the bid solicitation documents for previous tenders were presented to the committee, where the turnover was required to be reflected in Income Tax Returns, Sales Tax Returns and Audited Balance Sheet. Whereas, the bid solicitation documents for the 3rd time requires the turnover to be reflected in Income Tax/Sales Tax Returns and Audited Balance Sheet; thereby implying that the criteria have been relaxed. On the query in this regard the Executive Engineer replied that Procuring entity can relax the criteria for maximum participation.

4. The allegation that the Goods Declaration (GDs) as required in the bid solicitation documents and submitted by M/S Peshawar Construction & Pipe Company JV Pak Reliable Engg. Co (SMC Pvt.) Limited were of some other firms, stood correct. The technical bid of the said bidder was examined and none of the Goods Declaration (GDs) included therein bear the name of any JV partner. The technical bid also didn't include any sales certificate from the actual importer or any other authorized dealer of the quoted items.
5. The allegation that the bidding documents do not allow JV. In this respect the stance of the Executive Engineer, was that the same was allowed in the bid solicitation documents stating that "at least one of the partners of joint venture shall satisfy the relevant experience criteria specified in sub-clause 13.4(a) hereinabove" therefore according to Executive Engineer one of the partner of the JV passed in the evaluation therefore the other was not checked. The bid solicitation documents should have clearly mentioned the distribution of marks among lead partner and JV partner of the JV as per PEC standard procedure for JV bids evaluation. Furthermore, as per "PEC Standard Procedure for Evaluation of Bids for Procurement of Works" the bid security should be in the name of JV; whereas in the instant case the bid security has been furnished in the name of one of the partners of the JV.

Conclusion:

Keeping in view above it is concluded that Technical evaluation was not appropriate and Peshawar Construction & Pipes Company (PVT) Limited JV Pak Reliable Engg Co (SMC Pvt) Ltd stands disqualified. .

Recommendations

In light of above it is recommended that

1. Fresh evaluation has been carried out by the Committee attached as Annex-C.

2. The overall tender process being in accordance to KPPRA Rules and procedures, may be kept intact as such Executive Engineer shall proceed for awarding the contract to lowest evaluated bidder.
